We support Uber's right to operate in South Carolina. We've had nothing but good service here as well as in New York. We want continued access. Thank you

Black cars should not be banned; xcars should be. Come on Uber the xcars are not safe although lucrative to some. Stick with the uber chauffeur cars. That is all I use because the drivers are pros.

Let Uber drive. The free market should dictate which companies survive. I have been a Uber customer and was treated very well.
